Authorized NetApp Training

Get on the fast track to IT success with NetApp technical training and certification!

NetApp Authorized Training Programs

As a NetApp Authorized Learning Partner Fast Lane offers the full NetApp curriculum in more than 60 countries and 12 languages. Fast Lane very much take a hands-on approach to training with the latest NetApp Technology Labs, these are supported and delivered by our NetApp certified specialists with extensive practical experience in the data center and storage environment. Fast Lane can also customize training deliveries to meet your business requirements, which can be delivered on-site at your location. We also run a comprehensive on-line Global FLEX schedule taking our delegates into a live classroom environment for a fully interactive training experience from the comfort of their home or place of work.

The Benefits Of Fast Lane Authorized Training

- ✓ Faster returns on your technology investment
- ✓ Enhanced skills to fulfil your operational needs
- ✓ Higher employee satisfaction and retention
- ✓ Gain exposure to the latest product features
- ✓ Improved performance
- ✓ Faster product adoption
- ✓ Increased productivity
- ✓ Superior troubleshooting skills

Do you have NetApp Training Units?

NetApp Training Units are credits which can be used to purchase NetApp training, both for scheduled and onsite training. Available in quantities of 1, 10, 20, 50, 100 or 200, NetApp units can be exchanged for official training programs at any of our nationwide training centers, or via our fully virtualized FLEX learning platform. To complete a single day of traditional classroom based training at a Fast Lane learning center – you will need twelve NetApp units. For business leaders or managerial staff interested in enrolling a large group of staff on a specific training course, NetApp training units could save you money when bought as a part of a bulk purchase. When making a booking using NetApp training units, please provide us with your original Order Number so that we can validate the purchase and register you or your team on the NetApp training program.

NetApp Storage & Data Center Labs

NetApp training extends far beyond classroom theory, we enable every course participant to obtain hands-on practical experience in installing, configuring, and troubleshooting NetApp and FlexPod technologies.

NetApp Partner Award

Fast Lane received NetApp's Partner Award for our creative use of NetApp technologies, particularly around FlexPod, in our remote lab infrastructure and the delivery of multi-vendor courses. These multi-vendor environments enable training participants to access specific courses that prepare them for using NetApp, Cisco, VMware and Microsoft technologies in the workplace.

FlexPod Curriculum

FlexPod validated solutions combine storage, networking, and server components into a single, flexible architecture for business workloads. Fast Lane specializes in developing and delivering courses at the solution level where multiple vendors' technologies are assembled into the infrastructure that enables dynamically allocated storage, computer, and network resources for business applications in the data center.

Delivery Methods

ILT – Instructor-led Classroom Training

ILT sessions are conducted in a physical classroom environment.

ILO – Instructor-led Online Training

ILO sessions are conducted via WebEx in a VoIP environment.

FLEX™ Classroom

Combined ILT & ILO, taking you direct into a live instructor led classroom environment without compromising on quality, learning experience or knowledge transfer.

E-Learning

Broaden your knowledge of different technologies and learn anytime, anywhere, at your own pace.

Guaranteed Dates

With Fast Lane's Guaranteed Dates schedule you can book your training with the safety and reassurance that your course will not be cancelled or rescheduled.

Private Onsite Training

Fast Lane can deliver any course as a private onsite program. Contact us to discuss your specific training needs and let us customize the right delivery for you.
